Project Description:

Oakcrest School is a private school for girls providing instruction for grades 6-12. The School has outgrown its current facility and DCS is designing a new campus for thier 6-12 program including ball fields, soccer fields, tennis courts and significant site development.

The new Oakcrest School will be designed to achieve a LEED Silver Standard. The overall size of the project is approximately 100,000 SF which will include a Chapel, Gymnasium, Multi-purpose Hall / Dining Facility, Library and Science Labs, Outdoor Teaching Areas, Art Room, Choir Room, Instrument Room, Computer Lab, Large and Small Commons, Theater and Stage.
